La Maddalena / Gallura - Costa Smeralda

Nestled harmoniously in the marvelous scenery of La Maddalena, directly overlooking

Nestled harmoniously in the marvelous scenery of La Maddalena, directly overlooking the homonymous Archipelago, we offer an exclusive property for sale consisting of 3 villas that stand in a wide park of 12,000 sqm in the famous village of Piras, a prestigious residential complex consisting of villas on the sea.

The first villas were built in the 60' by the famous architects Lesuisse, Goeders and Marina Perrot, a Genoese architect: each villa boasts lush gardens facing the sea, outdoor patios and enchanting verandas, which donate comfortable relaxation areas where you can enjoy the Mediterranean essence and scents.

In this unique environment of breathtaking natural beauty, that has kept intact the spectacular natural and marine scenery, also thanks to the existing landscape restrictions on development, this residential proposal represents a unique opportunity to enjoy one of the most beautiful corners of Sardinia, in total privacy and tranquility.

Characteristics
