FIABCI Italia Christmas dinner was held this year in the prestigious location of the Hotel Principe di Savoia in Milan, one of the most elegant and refined place of the city.

The charming cartesio lounge was the setting for an event that brought together FIABCI Italia members for a pleasant moment of conviviality and exchange of greetings, in a warm and welcoming atmosphere.

The dinner followed the usual year-end meeting during which they discussed several central topics to the association such as 2011 and 2012 activities , financial reporting, international business and other policy issues.

Arrived at the hotel guests were greeted by a large buffet with delicious finger foods, followed by a rich and attractive menu, accompanied by a fine selection of wines and worthily concluded from the traditional "panettone".

The singer-Conjurer Walter Vitiello entertained guests during the evening, with his songs and his magic numbers which contributed to warm the atmosphere.

The dinner ended with few dance steps, with some guests timidly tracing out some valzer steps.

FIABCI Christmas dinner was once again the opportunity to gather together with consorts and friends, exchange greetings and celebrate Christmas holidays under the aegis of FIABCI family.
